The Ripon Spa Hydro.

RIPON with its magnificent Cathedral, its quaint old-world town, and its charming surrounding scenery of moorland and abbey is not nearly so well known as it deserves.

The Ripon Spa Hydro has been built, equipped and launched on what is hoped will be a career of prosperity for the purpose of providing Hydropathic accommodation amid these charming surroundings. At the end of this little book, will be found a List of Abbeys, and Places of Interest in the neighbourhood, which few, if any, similar Establishments are able to boast of.

This Hydro (opened for the reception of visitors, Whitsuntide, 1907), has accommodation for upwards of 100 guests. It is luxuriously furnished and is fitted with all modern improvements. It is situated on the Studley Road, $2\frac{1}{2}$ miles from Fountains
